Subject: Compiled comments on the G WP Addendum
Attachments: HPNS0926 Dr Parcel G WP Add Rev.doc

Hi Lily,

Here are the compiled comments on the Parcel G WP Addendum. This version includes Dave Kappelman's comments, which Jana discussed with Dave and revised, and Lucrina Jones' comments. They have been merged into the previous TechLaw comments.

I did not find any G WP RTC comments that need to be included, but there are some comments on the Addendum that also apply to the G WP. There is at least one discrepancy between the two documents (comment included in the attached).
